

| <b>Course Name</b>                                  | <b>Lecturer Name</b>                 |
|---|--------------------------------------|
| Root Cause Failure Analysis                         | Eng Ahmed Abd El Zaher               |
| Computer Skills (Word and Excel)                    | Eng Rokaya Abdallah                  |
| Statistical Design of Experiments                   | Prof Dr Mohammad Abd El Wahed Younes |
| Drawing Interpretation                              | Dr Osama Mukamer                     |
| Mechanical Seal Technology                          | Prof Dr Ihab Adam                    |
| Inspection and Measurement of Machine Elements      | Dr Mohamed Galal Nassef              |
| Drawing Interpretation                              | Dr Osama Mukamer                     |
| Fits and Tolerance                                  | Dr Ibrahim El Fahham                 |
| Fits and Tolerance                                  | Dr Ibrahim El Fahham                 |
| Drawing Interpretation                              | Dr Osama Mukamer                     |
| Drawing Interpretation                              | Dr Ossama Mokaimar                   |
| Fits and Tolerance                                  | Prof Dr Ibrahim El Faham             |
| Fits and Tolerance                                  | Prof Dr Ibrahim El Faham             |
| Mechanical Seal Technology                          | Prof Dr Ihab Adam                    |
| Drawing Interpretation                              | Dr. Moahmed El Gohary                |
| Cleanliness & Handling Oils in Hydraulic Systems    | Prof Dr Ihab Adam                    |
| Cleanliness & Handling Oils in Hydraulic Systems    | Prof Dr Ihab Adam                    |
| Fits and Tolerance                                  | Prof Dr Moh El Dardiry               |
| Drawing Interpretation                              | Dr. Moahmed El Gohary                |
| Drawing Interpretation                              | Dr Mohamed El Gohary                 |
| Drawing Interpretation                              | Dr Mohamed El Gohary                 |
| Fits & Tolerance                                    | Prof Dr Mohamed El Dardiry           |
| Fits & Tolerance                                    | Prof Dr Mohamed El Dardiry           |
| Fits & Tolerance                                    | Prof. Dr. Mohamed El Dardiry         |
| Fits & Tolerance                                    | Prof. Dr. Mohamed El Dardiry         |
| Inspection & Measurement of Machine Elements        | Prof. Dr. Mohamed El Dardiry         |
| Failure Analysis                                    | Dr Yasser Saad                       |
| Fits & Tolerance                                    | Prof. Dr. Mohamed El Dardiry         |
| Heat and Refrigeration Basics                       | Prof.Dr.Osama El Masry               |
| Fits & Tolerance                                    | Prof.Dr.Mohamed El Dardiry           |
| Supply Chain Management                             | Prof.Dr.Mohamed El Fayoumy           |
| Basics of industrial hydraulic                      | Prof.Dr.Kamel El Shorbagy            |
| Basics of industrial hydraulic                      | Prof.Dr.Kamel El Shorbagy            |
| Fits & Tolerance                                    | Prof.Dr.Mohamed El Dardiry           |
| Basics of industrial hydraulic                      | Prof.Dr.Kamel El Shorbagy            |
| Fits & Tolerance                                    | Prof.Dr.Mohamed El Dardiry           |
| Inspection & Measurement of machine element         | Prof.Dr.Mohamed El Dardiry           |
| Waste water treatment                               | Prof.Dr.Hassan Farag                 |
| Ion Exchange  | Prof.Dr.Ahmed Zatoot                 |
| Inspection & Measurement of machine element         | Prof.Dr.Mohamed El Dardiry           |
| Basics of industrial hydraulic                      | Prof.Dr.Kamel El Shorbagy            |
| Inspection & Measurement of machine element         | Prof.Dr.Mohamed El Dardiry           |
| Basics of industrial hydraulic                      | Prof.Dr.Kamel El Shorbagy            |
| Basics of industrial hydraulic                      | Prof.Dr.Kamel El Shorbagy            |
| Cooling Tower Performance                           | Prof.Dr.Osama El Masry               |
| Air Conditioning & Refrigeration Calculation Basics | Dr.Mahmoud Bassiouny                 |
| Basic Pneumatics                                    | Prof.Dr.Kamel El Shorbagy            |
| Basic Automation                                    | Dr.Mohamed El Habrouk                |
|   |                                      |
